The Caronia, after a night spent at Quarantine, where the surgeons had been examining some sunsticious cases of stekness among the 1,100 persons in the steerage, came slowly up the bay this forenoon. Most of the 550 first califi, passengers had abowded forward to wave-at the tag crowd of friends and kinspeople who waitd upon the Cunmard pier. Mr. Hughes stood alone, well aft, with his son. Charles E. Hughes. R. a handsome, well set-up young man, who is almost as tall as his tall father. Hughes, pere, didn't look very much like the pale, overworked man who went away to case his tautened nerves after the hig job of smoking the insurance vermin out of their holes had been finished. A healthy, ruddy tan, apportantly about three coars thick, had replaced the palicy in his bony face and he swung his lonk limbs with the freedom of a man who feels good red blold coursing in leg and sem.

Don't Poison Baby.

ORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and a FEW DROPS TOO MANY will produce the SLEFP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, taudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed.
